2021-22 School Overview

Mission Statement:

Loara High School will provide all students with a safe, welcoming and caring learning environment and a high-quality educational program designed to ensure that they graduate college and career ready, civically literate, and fully prepared to become responsible, productive members of our society.

Vision Statement:

Loara High School will be an academic institution where...

- All students engage in the Habits of Mind, the Five Cs of the P21 Framework (communication, collaboration, creativity, critical thinking, and citizenship), and benefit from challenging, standards-based instruction in high-interest STEAM (Science, Technology, Engineering, Arts, and Technology) coursework.
- The instructional staff collaborates within a Professional Learning Community to engage fully in the Cycle for Effective Instruction, thereby infusing all classrooms with the appropriate challenge, greater relevance, and positive relationships.
- The instructional staff study and implement research-proven instructional strategies with fidelity, thereby improving instructional efficacy and promoting all students' college and career readiness.
- The instructional staff continuously monitor and assess their instructional efforts through the collection and analysis of timely and relevant data, permitting them to more effectively design and refine instruction and interventions for all three tiers of the Response to Instruction and Interventions (RtI2) model, and optimize the use of vital material, fiscal and human resources.
- All staff strive to create a safe, orderly and welcoming school environment, one that improves stakeholders' sense of security, feelings of connected-ness, and ability to improve academic achievement.
- All staff strive to improve communication between stakeholders regarding student progress and encourage
 participation in the education process, thereby strengthening our efforts to ensure all students' success.
- Every student exemplifies the qualities identified in the motto RISE: respect, integrity, scholarship, and excellence.

Highlights:

Loara High School was designated as a Gold Ribbon school in 20015, for its Professional Learning Community (PLC) professional learning model, which was developed to help the campus achieve the three primary goals identified in the AUHSD Local Control Accountability Plan (LCAP): implementation of current adopted state standards, including English Language

2021-22 School Overview

Development (ELD) Standards, and Next Generation Science Standards; ensure that all students earn a high school diploma; and ensure that all students demonstrate college and career readiness. Staff commitment to the PLC model has permitted Loara to move to the forefront of standards implementation and has made it a model for teacher and parent learning walks, staff collaboration, and curriculum development.

Loara High School is establishing itself as a California Democracy School, meaning that every Loara student will complete a civic inquiry and investigation as part of the curriculum and competencies for the 12th grade American Government class. In addition, all students will engage in the six proven practices throughout their four years: 1) Instruction in Government, History, Law, and Democracy; 2) Discussion of Current Events and Controversial Issues; 3) Service Learning; 4) Extra-Curricular Activities; 5) Student Participation in Student Governance (ASB, RSVP); and 6) Student Participation in Simulations and Democratic Processes.

Loara High School has an active PTSA and booster clubs that support student activities. Parents are active participants in the School Site Council, Focus Groups, ELAC, DELAC, Coffee with the Principal, and other school committees. The school maintains relationships with a number of community and business organizations. Some noteworthy relationships include Cal State Fullerton, UC Irvine, Union Bank, Temple Beth Emet Synagogue, Toyota of Orange, Kia Motors, and Warner Brothers Studio.

Loara High School offers its students myriad opportunities and programs to ensure their continued academic growth and postsecondary success, including AVID, CTE Coursework and Pathways (Media Production & Managerial Arts, Child Development, Education, Dual enrollment, Therapeutic Services, Legal and Government Services, Media Support Services, Protective Services, and Automotive), Honors and Advanced Placement Coursework, English Language Development, and Special Education.

Loara High School Expected Schoolwide Learning Results (SLOs)--Loara High School will prepare its graduates to be: Critical Thinkers who...

- Reason effectively, both abstractly and quantitatively, using various types of reasoning.
- Use systems thinking to analyze how parts of a whole interact with each other to produce overall outcomes in complex systems.
- Make judgments and decisions by effectively analyzing and evaluating evidence, arguments, claims, beliefs, and
 alternative points of view; synthesizing and making connections between information and arguments; interpreting
 information and drawing conclusions based on the best analysis; and reflecting critically upon learning experiences
 and processes.
- Solve problems, both familiar and unfamiliar, in both conventional and innovative ways.
- Employ technology to enhance their learning.

Communicators who...

- Articulate thoughts and ideas effectively using oral, written, and nonverbal communication skills in a variety of forms and contexts.
- Listen and read effectively to decipher meaning, including knowledge, values, attitudes, and intentions.
- Use communication for a range of purposes (to inform, instruct, motivate, argue, etc.).
- Use multiple media and technologies and can assess their impact and effectiveness.
- Communicate effectively in diverse environments and situations.

Collaborators who...

- Demonstrate ability to work effectively and respectfully with diverse teams.
- Exercise flexibility and willingness to be helpful in making necessary compromises to accomplish a common goal.
- Assume shared responsibility for collaborative work and value the individual contributions made by each team member.

Creative Innovators who ...

- Use a wide range of idea generation techniques (such as brainstorming).
- Create new and worthwhile ideas (both incremental and radical concepts).
- Elaborate, refine, analyze, and evaluate original ideas to improve and maximize creative efforts.
- Work creatively with others by developing, implementing, and communicating new ideas to others effectively; by being open and responsive to new and diverse perspectives and incorporating group input and feedback into the work; by demonstrating originality and inventiveness in work and understanding the real world limits to adopting new ideas; and by viewing failure as an opportunity to learn and understanding that creativity and innovation are part of a long-term, cyclical process of small successes and frequent mistakes.

2021-22 School Overview

• Implement innovation by acting on creative ideas to make a tangible and useful contribution to the field in which the innovation will occur.

Civically Literate citizens who...

- Participate effectively in civic life through knowing how to stay informed and understanding governmental processes.
- Exercise the rights and obligations of citizenship at local, state, national and global levels.
- Understand the local and global implications of civic decisions.

Demographic Information:

Loara High School was established in 1962. It is located in Anaheim, CA, and is one of eight comprehensive high schools in the Anaheim Union High School District. The school currently has an enrollment of 1,750 students, in which 86.5% participate in the free and reduced meal program, and 22% are English Learners. The demographic profile also indicates the following regarding student subgroups: 79.7% Hispanic, 6% White, 8.6% Asian, 1.4% African American, and .09% Pacific Islander. Currently, approximately 15.1% of Loara's population are Students with Disabilities. The honors/Advanced Placement Program serves approximately 15% of the school's population and the AVID program serves roughly 8%.

The school is in its eighth year of being designated as a Title I School-wide Program, which serves 100% of the student population. Loara has continued to make improvements in a variety of areas over the past several years. Most noteworthy are the increases in A-G completion rates and graduation rates and the decrease in student discipline referrals.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- · Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <u>https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp</u>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in September 2018.

School Facility Conditions and Planned Improvements

Loara High School opened in 1963. The 39.6 acre site includes 60 regular classrooms and a number of portable classrooms. There are 27 labs, which are designed for specific programs (i.e. computer labs, science labs, choral music room, etc.). The site also contains an auditorium, a library/media center, a gym and pool facility, and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily and deep cleaning, such as waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Loara High School underwent an extensive construction and modernization project approximately 8 years ago. The project included new classrooms, pavers in the entire quad area, seating walls and benches, new landscaping, an outside stage area, and new lights for the quad.

The most recent site inspection was completed on November 1, 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
 - Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

Loara High School has nine career pathways that represent several industries, which suit the needs, interests, and demands of its diverse student body. During the 2017-18 school year, courses were offered in the following career industries: Arts, Media & Entertainment; Education, Child Development, and Family Services; Business & Finance; Health Science & Medical Technology; Information and Communication Technologies; Public Services; and Transportation.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on universal design for learning, ensuring that all students can access the curriculum. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired of employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

The efforts of the Loara stakeholders to encourage parent involvement has many strengths, and yet, we are continually seeking opportunities to cultivate our parent partnerships. With the addition of a full-time Family and Community Engagement Specialist [FACES] our communication with parents has increased. Opportunities provided through our FACES include parent Aeries support classes, which teach our parents how to navigate the student information portal. Notifications and announcements from the FACES notifies parents of future enrichment workshops, dates for community food bank distribution, locations for COVID vaccinations and testing, and other community-based outreach opportunities. Aeries Communications and eKadence provides an additional layer of communication which allows parents to track information regarding student progress and provides our parents tools to advocate for their students.

There is an ongoing need to update parent contact information, especially email and phone contacts to ensure quality communication with parents. Our FACES team is developing a Parent Needs Survey to be completed after completion of each training, meeting or activity. This survey information will give our parents an opportunity to provide us with valuable feedback regarding efficacy of programs and activities presented. Parent response to these surveys will help us design and implement future opportunities for parents.

Ultimately, there is a greater need for parent involvement in the decision-making process.

This involvement could be increased by inviting parents to participate in Focus Groups, ELAC, DELAC, LCAP, PTSA and SSC. We want all parents to understand that their feedback is valued and we need to increase participation in the decision-making process to expand parents understanding of the importance to advocate for all students. Finally, we also need parents to help us develop and establish the school vision and mission.

Due to Covid-19 restrictions, parent opportunities to volunteer have been indefinitely postponed.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School Safety Plans are reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups along with the School Site Council in order to determine any needed changes. The Loara High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills are conducted throughout the school year. Students, teachers, and other faculty members are required to participate in these drills. STAFF RESPONSIBILITIES

- Ensure protection and preservation of health and safety of students, other employees, and school property (as per Government Code Division 4, Chapter 8; Sections 3100 and 3101)
- Remain calm and follow the instructions from administration and/or Fire or Police Depts.
- Know emergency procedures for each kind of disaster situation.
- Print class rosters as your class roster updates or a minimum of once each quarter to take attendance.
- Carry current class roster when taking students from your classroom (may use an electronic copy)
- Have your emergency clipboard located on the tray of your white board in a visible location
- Be aware of your responsibilities if the disaster occurs during your conference period and report to your assembly area.
- Bring any first aid supplies to your Assembly Area.
- Assure students remain calm and wait for instructions
- Assure students know emergency procedures for each kind of disaster situation as well as familiarize them with the location of emergency information located in their student planner. Know and practice the duck, cover, and hold procedure. Know and practice your evacuation routes.
- Do not use cell phones or radios except for true emergencies. Keep chatter to a minimum.
- Evacuate or lock-down your room as instructed by Police, Fire, or an administrator. In a lock-down, do not leave your room. Turn off lights, lay students flat on the floor, and ignore bells. Teachers should be the closest people in the room to the door. Leave your room unlocked if you evacuate.
- If you are on the athletic fields during a shooting incident, proceed to the fire station / library on Euclid Ave.
- Do not make statements to the Press.

The SCHOOL SAFETY PLAN WAS APPROVED by faculty, parents and students at the SCHOOL SITE COUNCIL MEETING in March 2021. Due to the Covid-19 restrictions a modified plan was not presented to the School Site Council in the Spring of 2020.

2020-21 Types of Services Funded

Loara High School receives supplemental funding through Title I, Title IV, Local Control Funding Formula (LCFF), and Perkins.

Title I:

Loara High School has adopted a Title I school-wide program, designed as a comprehensive reform strategy to upgrade the entire educational program. Our primary goal is to ensure that all students, particularly those who are low achieving, demonstrate proficiency on both state and federal academic achievement measurements. Strategic interventions and support strategies are provided both during and outside the school day to achieve this goal.

Title IV:

Title IV, Part A of the Every Student Succeeds Act of 2015 is intended to improve students' academic achievement by increasing the capacity of States, local educational agencies (LEAs), schools, and local communities to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology in order to improve the academic achievement and digital literacy of all students. Loara Title IV funds are dedicated to STEM, music and art programs, physical education and programs that promote volunteerism and community involvement

LCFF:

This funding supports additional services for English Learners and/or students who are Limited English Proficient (LEP). These programs and activities assist English Learners with the achievement of proficiency in the English language as rapidly as possible, and also support and enhance academic achievement outcomes through appropriate intervention programs.

Perkins:

Funds from the Carl Perkins Grant are used to develop more fully the academic, vocational, and technical skills of secondary and post-secondary students who elect to enroll in Career Technical Education (CTE) programs. These programs promote the development of services and activities that integrate academic, vocational, and technical instruction, and that link secondary and postsecondary CTE programs, especially for students seeking "non-traditional" training related to the broad understanding of the world of work.

The following programs and supplemental services are offered at Loara High School

- Family and Community Engagement Specialist TITLE I
- APEX Credit Recovery TITLE I
- Hiring of Math/Science and English teachers who support in-class interventions - TITLE I/LCFF
- Instructional Aide Bilingual – TITLE I
- Credit Recovery and afterschool tutoring - TITLE I/LCFF

Professional Development

Teachers participate in a variety of District in-services as well as professional learning workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Loara High School has weekly professional development opportunities on Thursday late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation.

Anaheim Union High School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
